

WARM & COZY CAMPAIGN

March, 2024

Dear Friends,

I am writing to ask you to join me, and other Friends, in our mini campaign to complete our air quality improvement project for our beloved Meeting.

I care about this community. I want to do my part to keep it healthy and active and available to others who cherish our Quaker values. I'm so grateful for those Friends who came before me to create and nourish this space. This was the ideal community to raise my children. I feel led to help sustain this community for others, especially young families.

All of us have our own stories about what this Meeting means to us.

Our last capital campaign was more than 30 years ago! At that time, I was clerk of the visioning committee when we made the critical decision to stay in our present building and pay to construct the addition. In January 2023, in an amazing called meeting to make a similar decision, those present expressed their deep love for this physical space. Again, we decided we were committed to staying in and maintaining this building.

Believing in the power of group discernment, I feel strongly we need to support decisions we make, both with volunteering and through financial contributions. Last fall, I gave as generously as I could to support phase one of the project, and I felt called to ask others to join in.

Many people generously contributed to phase one so we could commit to getting the necessary air quality equipment installed, and return to the Meeting without wearing winter coats inside!

Now is the time for us all to make a commitment so we can pay for and complete the last phase of the project this spring.

Please see next page.

I'm making an additional gift now as a way of saying YES! to this community, and especially to honor the Friend who gave us the wonderful challenge grant last fall. I also believe it's essential for us to maintain a robust endowment fund to help future generations of Quakers. I am blessed to be able to contribute and feel it is my responsibility to do so.

It's time to get this project done!

So please support the Meeting, and the dear fellowship of all the friends in it, by making a generous commitment now to our 'Warm & Cozy' mini campaign. Thank you!

Martha
